INTRODUCTION

DOUBLE A STAR CONTRACTING is successfully operating in Qatar since 2018. Specializes in Civil, Electro-mechanical including General maintenance, manpower supply. DASC has elected professional and experienced visionary managers, qualified Engineers, skilled craftsman & committed laborers to pursuit excellence, to assure quality, to provide comprehensive & customized project leadership.

We consider customer intimacy as our special features and we respond to their needs with alacrity and responsibility.

It is our aim to fulfill our Client's requirements, whilst carefully considering the economics and alternatives available to them, thus ensuring that the most effective are installed, within their budgets.

It's not just business, it's the ethical commitment that we offer. We may not be the biggest name in the industry but we are certainly big on professionalism and followers of engineering and ethical practices.

”
